Happy New Year Eric!!! I am doing Fine. How are you?

I was able to access the One Drive. The most recent folder I can see is “HPGE Site Data for Disposal”, which contains an excel file with the same name.

Subject: NFB Site Files-SharePoint/OneDrive

Hi Ben:

Happy New Year!!! How are you?

We are trying to get our data organized at the NFB Site. One way is to utilize the SharePoint/One Drive. Especially when uploading multiple large files. I know that you and I have used that in the past but you had issues. I tried to send invites to the Frank, Rob and Chad. I had errors for both Rob and Frank. Chad had no errors and was able to upload data already. Both Frank and Rob were able to access the folders by me sending the link. So their access is granted but for some reason the notification email did not work.

Please see if you can access these folders....going down to the 2016 Transportation and Disposal folder. See below. Weston personnel needs to be able to access and upload documents in the One Drive for us to be organized and up to date.

Thanks

Data > Disposal > 2016 > Transportation & Disposa
